SPARTAN REDS START MOVE TO GET BOLSHEVIK AID.

Spartan Reds Fighting to Open Route for Slav Troops to Enter Germany; General Strike Spreads.

(BY ATLANTIC CABLE AND A. P.)
BERLIN, March 5.—The Spartans have inaugurated a general strike to force the government to open a route for Slav troops to enter Germany, and to get the mass of business before it in the quickest possible time.
The Spartans might move to the assistance of the Spartans forces, according to an official government bulletin today.
The Spartans, Tuesday, March 4, 6:45 p.m.—The government this evening took action on the strike issue in eight Berlin. The Spartans, Tuesday, March 4, 6:45 p.m.—The government this evening took action on the strike issue in eight Berlin. BIG ISSUES OF
PEACE NOW UP.Lloyd George Arrives in Paris;
Discussion On.Disarmament of Germany to
be Considered Today.Reparation Agreed on; Huns
Must Pay Vast Sum.

(BY ATLANTIC CABLE AND A. P.)
PARIS, March 8.—The arrival of the British Prime Minister, David Lloyd George, in Paris, tonight is the prelude to discussion of the main question of the peace treaty by the council of the great powers, which will begin tomorrow.

David Lloyd George, the British Prime Minister, arrived in Paris by special train this evening, accompanied by the Duke of Connaught.

The question to be determined tomorrow relates to the military and naval terms of the enemy disarmament as framed by Marshal Foch and the joint military and naval advisers. These originally were framed as terms of the armistice, but now are changed to be part of the permanent peace treaty.

Premier Lloyd George and Col. House will have luncheon together prior to tomorrow's meeting, at which the British and American positions doubtless will be co-ordinated, as President Wilson's views on the subject are understood to have been made known by cable and wireless.

The subjects of reparation for war damages and the western German frontier will follow the military and naval terms. It is understood an agreement virtually has been reached on the amount of reparation to be inserted in the peace treaty. This is far less than the French or British had been asking originally, but is still a vast sum, running high into billions of dollars.

The western German frontier also is practically settled, one of the main features being a "neutralized" or "sterilized" strip along the western bank of the Rhine, which will insure an adequate buffer between France and any renewed German aggression.

MONTENEGRO.
The council of the great powers today heard the case of King Nicholas of Montenegro, which was presented by Gen. Grosvenor, Montenegro's minister at Washington. It was a protest by the venerable monarch against losing his throne and having his country absorbed by the new Jugoslav state.

Incidentally the protest involves the issue between Italy and Jugoslavia. King Nicholas is the father of the Queen of Italy, so that Montenegro's position has not been clearly defined in the issue between Italy and the new state, which seeks to embrace Montenegro.

The council also considered food relief for Bohemia and other sections of southeastern Europe, where the warring factions still make it difficult to procure food. Relief was developed during the session today that the Jugoslav frontier, closure of which against Italy threatened to precipitate a crisis, has been reopened.

The question of relief for Austria and Hungary was discussed at the meeting of the Supreme Council today.

DENMARK CLAIM.
The Danish delegates, who arrived in Paris Tuesday to lay before the Peace Conference the claim of Denmark concerning Schleswig, informed the Temps that the present ministerial crisis in Denmark has nothing to do with the claim for Schleswig. It concerns only the internal policy of Denmark, they said.

DELEGATES.
The delegates are Dr. P. Munch, former Premier Neergaard, Senator A. F. Foss, and Senator J. H. H. Thomsen. They are accompanied by four prominent residents of Schleswig.

The delegation, according to the Temps, is the largest party in the Danish Parliament, two members representing the majority bloc and two the opposition. The delegates said that all the people of Denmark are desirous that the part of Schleswig inhabited by Danes be returned to Denmark and they look with confidence to the decision of the Peace Conference on this question.

PUNISHMENTS.
The French government is asked to make every effort to secure the punishment of all German officers and soldiers guilty of crimes during the war or causing devastation in the occupied regions in France. In the report made by Senator Reynaud, in behalf of the French committee, which recently visited the devastated districts.

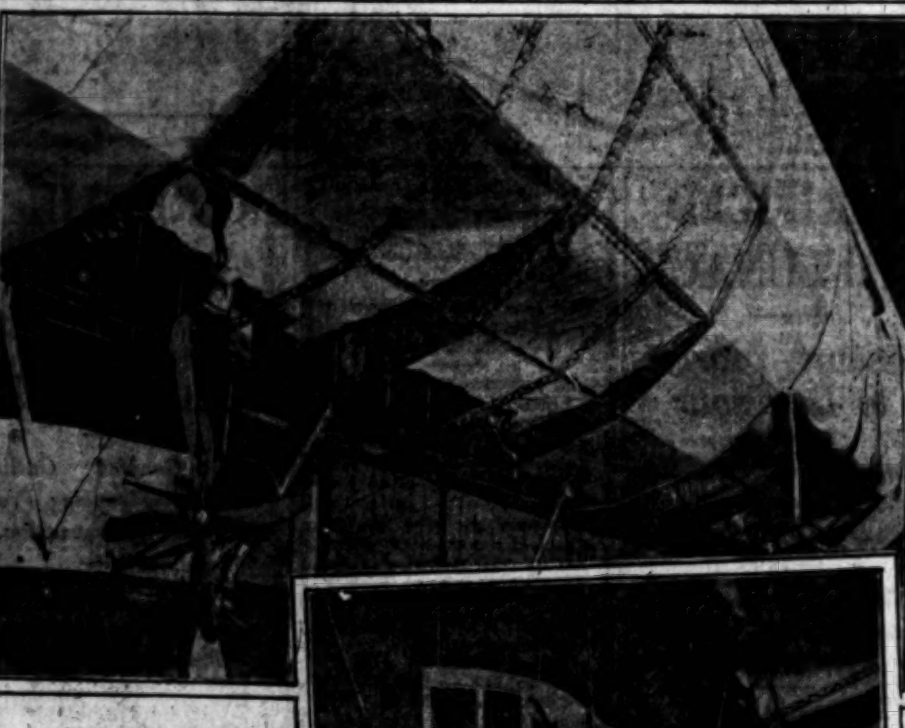

The report asks the government to call the attention of the Allied Powers to the German methods of destruction and urges the government to obtain restitution of stolen property. The government is urged to hasten material reconstruction and to aid the economic life of the people affected.

FINANCES.
The Chamber of Deputies today will begin discussion of the proposal to increase the amount of advances from the Bank of France to the government from 30,000,000 to 30,000,000 francs. Debate on the general financial situation will begin Friday and during the discussion Louis Klotz, the Minister of Finance, will make known his programme. As the discussion is expected to be a long one, it is not believed that Mr. Klotz will speak before March 14.

TERRITORIAL.
The Central Commission on Territorial Questions at its first meeting tonight elected Andre Tardieu of the French peace delegation president. The task of the commission is to co-ordinate all decisions of the special territorial commissions. In particular, it will have to fix the lines between the different frontiers traced by the various commissions.

It also will discuss questions not reserved for consideration by the council of ten.

Peace Veil Lifts from British Super-Zep.

SLAVS MARTYRS
TO RED LUNACY.

(Continued from First Page.)

and in below-zero weather such men are frozen to death and are thrown down from the tops of the cars at stations only fifty miles from Petrograd.

Russia, as revealed by these interviews, is a vast prison with starvation as the jailer. The Bolsheviks govern only by withholding food or doing it out. The poor are finally the victims of the "Red" lunacy of Russia is sinking into a state of apathy and despair. The Bolsheviks are developing the bloated faces and bellies of famine victims. The unfortunate people are drinking vodka, gasoline and anything in the hope of staving off for a moment the pangs of hunger.

The hope of relief is almost gone. All the machinery of social civilization as Russia knew is broken down. In ruins with nothing but a relapse to certain barbarism before them. The Bolsheviks stand still, still as the statues of mankind.

DOCTOR'S DIAGNOSIS
IS MADE BY WIRELESS.TREATMENT PRESCRIBED BY
RADIO IMPROVES HEALTH
OF MAN AT SEA.

(BY A. P. NIGHT WIRE.)
NEW YORK, March 8.—The wireless telephone and the wireless telegraph were used in mid-ocean by Lieutenant-Commander A. E. Younis, senior surgeon on the transport Albatross, to prescribe for patients on the transport Powhatan and the wireless telegraph. The doctor, who arrived here today with the Powhatan, received a wireless message in mid-ocean from the Powhatan's captain stating that one of his crew had been taken ill. The message gave symptoms and asked for a diagnosis and treatment. The Sierra's doctor prescribed treatment by radio and at least one of the patients was considerably improved in health.

While the Sierra and Powhatan were from the same fleet, about 500 miles north of the Azores, the wireless telephone was used for a consultation of the doctor on board the two transports. Six doctors each put on a telephone set and "attended" the consultation, which called on to determine treatment of certain cases which had developed on the Powhatan.

SOCIALIZATION LAWS
PLANNED BY GERMANS.

EBERT GOVERNMENT ANNOUNCES MEASURES ARE
READY FOR ACTION.

(BY ATLANTIC CABLE AND A. P.)
BERLIN, Monday, March 8.—The Ebert government today published the draft of a general socialization law and announced that the law and a bill socializing coal mines would be submitted today to the federal council.

The draft is drawn in the most brief and most general terms and reserves for the national government the field of legislation covering the socialization of industry, particularly coal mines and water, electric and other power. It adopts the principle that the control of industries by bodies of self-administrative character under national supervision is of universal importance. The draft does not indicate that socialization will be applied for the present to any branches of industry except mines and power development.

WOMEN FEATURE CLUB
FUNCTION IN LONDON.

(BY ATLANTIC CABLE AND A. P.)
LONDON, March 8.—Ladies were admitted to the American Officers' Club last night and three dining rooms were filled with American officers, members of the club and their wives at a party which the club gave. In addition, a private party was given by the chairman of the club Sir Henry E. Brittain, who entertained a number of distinguished guests, including the Vice-Admiral Sims, Maj. Gen. John Biddle, commander of the American forces in the United Kingdom; Robert S. Skinner, American Consul General; Sir Gilbert Parker and Lady Parker and Admiral Charles H. Robertson, R.N.

Camera Reveals Airship Secret.

This photo, publication of which is now permitted, shows the construction of one of the English monsters of the air, built to resemble Germany had the war continued longer. The latest picture shows the air engine house, with reversible propellers for lifting.

WOMEN IN INDUSTRY
INCREASE IN BRITAIN.

(BY ATLANTIC CABLE AND A. P.)
LONDON, March 8.—British Wireless Service.—The vast extent to which British women replaced men in industry and commerce during the war is disclosed in a white paper issued today. Not only did the employment of women increase, but more than 1,000,000 women came forward to take the place of men. Making all necessary deductions and additions, it is estimated the net increase in female workers employed outside their own homes was 1,500,000.

The number of women employed in industrial concerns and private establishments in April, 1918, were: Munitions, 701,000; other government work in industry, 174,000. The number of females employed as permanent work people in agriculture in July, 1918, was 20,000; in 1918 the number was 11,000.

The number of women employed in government hospitals has risen from 700 in July, 1914, to 12,400 in January, 1918, and the number in hospitals under the Red Cross Society increased from 500 to 20,000 in the same period.

AMERICAN SHIPS HELD
MENACE TO BRITISH.

(BY ATLANTIC CABLE AND A. P.)
LONDON, March 8.—American tonnage was described today as undoubtedly a distinct menace to British coal export trade in a statement made by Alexander Le, chief of the coal price department of the board of trade, before the coal commission investigating this subject.

At present, England is just beginning to feel the effects of American competition, he said, because until January it has been agreed that American coal should not be transported to Europe.

The American competition, added Le, was feared in the Mediterranean particularly, and the British would have to consider altering the export regulations to meet the situation.

The Americans were already underselling the British in the South American and the British would have to cut their prices there if they wished to retain the market.

NEW DANISH CABINET
IS DISCUSSED BY KING.

(BY ATLANTIC CABLE AND A. P.)
COPENHAGEN, Tuesday, March 8.—King Christian today received the presidents of the eight political groups in the Rigsdag and discussed with them the possibility of forming a Cabinet to take the place of the Zohle Ministry, which resigned Saturday. Mr. Zahle also was present at the meeting.

The King said that there was little probability of a coalition Ministry, but he hoped that a Cabinet could be formed by the support of the Folketing, or lower house of Parliament. This declaration met apparent approval.

GUATEMALA BORDER
SETTLEMENT SUITS.

(BY A. P. NIGHT WIRE.)
WASHINGTON, March 8.—President Cabrera, in addressing the Guatemalan Congress, at its opening session, last Monday, referred to the satisfactory solution of the Honduras-Guatemala boundary question, according to advice received yesterday by the State Department. Details of the settlement of this question, however, have not been received here.

ESPIONAGE ACT
SENTENCES CUT.President Extends Clemency
in Fifty-two Cases.Goldstein's Prison Term Made
Three Years; No Fine.Many Convicted Californians
Given Commutations.

(BY A. P. NIGHT WIRE.)
WASHINGTON, March 8.—Unduly harsh sentences imposed on a number of persons convicted during the war emergency of violating the Espionage Act will be corrected from time to time through executive clemency by President Wilson.

It was announced today, simultaneously with the commutation of sentences in fifty-two cases and complete pardon in one. As fast as the Department of Justice can review the 110 cases still awaiting examination, recommendations for the shortening of sentences will be sent to the President.

In many of the cases acted on today officials of the Department of Justice said prisoners had been victims of wartime passing and prejudice, and had been given long sentences not commensurate with their offenses. To eliminate possible injustices the reviews were undertaken. Officials explained, however, they would take care not to recall prisoners for the scores of persons against whom there was strong evidence of disloyalty and whose sentences were not extreme.

Thousands of letters have been received at the Department of Justice asking executive clemency for J. P. Rutherford, head of the International Bible Students' Association, and other associates now serving sentences in the Atlanta penitentiary for disloyalty growing out of publication of "The Finished Mystery," a Bible handbook. These cases were appealed by the convicted men from the Federal District Court in Brooklyn and are pending in the appellate court. Officials indicated that no action would be taken in their cases until the Appellate Court has rendered its decision.

SOCIALIST PARDONED.

Frederick Kraft of Newark, N. J.,
secretary of the Socialist party in
New Jersey, was given the only full
pardon in the group of cases today.

He was convicted for utterances in a speech in the public square at New York, but in pardoning him, consideration was given to the fact that in the Socialist national convention outside the war he was one of the pro-war leaders.

Those granted clemency today included a number of Socialists, I. W. W. agitators and religious pacifists. Action was taken by the President on recommendation of the Department of Justice, which is reviewing all cases of convictions under the Espionage Act. Clemency will be recommended for persons whose sentences appeared extreme or against whom proof of intent to violate the law was lacking. In pardoning him, consideration was given to the fact that in the Socialist national convention outside the war he was one of the pro-war leaders.

TWO HUNDRED IN JAIL.
The department is estimated that about 200 persons now are imprisoned in the United States on convictions under the Espionage Act, not including about 115 I. W. W. convicts under various statutes. About 150 cases are yet to be reviewed by the department, some of which are pending in appellate courts.

Other cases acted on were: Robert Goldstein, convicted in the Federal court of Southern California for promoting moving pictures purporting to show massacres by British troops in Southern California, one of the sentences was reduced from five years to three years, and the other from three years to two years.

CALL EXTRA SESSION
OF MEXICAN CONGRESS.

(BY A. P. DAY WIRE.)
MEXICO CITY, March 8.—An extraordinary session of the Mexican Congress will be called for May 1 and will presumably act upon important international questions, including damages to foreign oil interests during the revolution and take some steps relative to adjusting the national debt.

EL PASO (TEX.) March 8.—
Couriers returning from scouting
expeditions south of Juarez, re-
ported Villa forces on both sides of
the railroad between Morelos and
Villa Ahumada, 100 miles south
of here, with flanking lines out
from Villa Ahumada to prevent them
from Villa Ahumada going south on
the Mexican Central.

Reports were received here and in Juarez late yesterday that Villa force attacked a small Federal garrison at Santa, thirty-five miles north of Chihuahua City, burning the station and killing the soldiers. Train service was suspended south of the border yesterday.

HIGH PRICES CAUSE
RAID ON PARIS CLUB.

(BY ATLANTIC CABLE AND A. P.)
PARIS, March 8.—Much comment has been aroused by the raid made on the Franco-American Parthenon Club by Inspector Tanguy of the Paris police.

The inspector says he suspected that various games of chance were in operation there and declares he discovered that champagne was being sold at \$15 a bottle and that orangeade cost 1 franc a glass. The evidence, the inspector added, was sufficient to warrant closing the club.

Thirty men, including several American officers and ten women, were in the club when Inspector Tanguy and his men walked in Monday night.

Baroness Brault, who presided over the destinies of the club, was a literary and artistic organization. She was indignant over various reports in circulation and declares that the only purpose of the club was to entertain American officers.

Mr. O'Connor said yesterday that possibly Goldstein had been given an unduly severe sentence, one that might not have been warranted on for a similar violation of law, but that the action arose at the beginning of our entrance into the war, and it was necessary to impose a penalty with the necessity of the strict enforcement of all war-time legislation.

He was also of the opinion that while Goldstein clearly violated the law, he had been impelled to do so more from a pecuniary point of view than from a pro-German state of mind. Goldstein thought he saw an opportunity to play upon the sympathies of German backers of the moving picture, that would enable him to float the enterprise, for he was in need of money.

Mr. O'Connor has recommended clemency in several other cases of convictions for violation of the Espionage Act. He declined to name the individuals concerned, except to say that they do not include the San Bernardino pacifists serving one-year sentences for peddling copies of the "Kingdom News," and those cases are now on appeal, nor Dr. Frank Hawentine and Mrs. Idell Kennedy, convicted of seeking to assist drafted men to avoid military duty by treating their eyes. Hawentine was given ten, and Mrs. Kennedy eleven years in the Federal prison at McNeil Island. The appeal before the United States Circuit Court of Appeals.

SENTENCES REDUCED.
SACRAMENTO, March 8.—Joseph Hamberg and John O'Connor among those granted clemency by President Wilson. The conviction of charges under the Espionage Act, were laborers, tried in the Federal court here and sentenced each to five years in prison after testimony was given that they had expressed sympathy for Germany and had sought to impede enlistments in the United States Army.

RAIL FUND'S FAILURE
MAY INFLUENCE STEEL.MEETING TODAY OF LEADERS
TO CONSIDER GOVERNMENT'S
"PRICE STABILIZATION."

NEW YORK, March 8.—Owing to the failure of Congress to provide a fund of \$750,000,000 for the railroad, a new situation has developed in the steel trade which is likely to color the opinions that will be expressed tomorrow, when some 150 leaders of the industry meet at the Waldorf to consider Secretary Redfield's "price stabilization" plan.

The meeting will be held under the auspices of the American Iron and Steel Institute. A representative of Mr. Redfield will be present. It is expected that when prices of steel and other commodities were reduced, in accordance with Mr. Redfield's scheme, the government itself would enter the markets as a buyer to provide for its various requirements.

In the event that the steel industry would enter the markets as a buyer to provide for its various requirements, the largest single customer of the steel mills, and since doubt has been cast on the government's ability to carry on its projects for improvements and extensions the steel trade sees the possibility that the price war of demand for steel will be dried up. It was intimated today that this would be one of the principal questions raised at the coming meeting.

Men in the steel trade do not regard with favor the proposal that steel prices should be reduced according to government schedule. The steel industry has been told that the government would enter the markets as a buyer to provide for its various requirements, the largest single customer of the steel mills, and since doubt has been cast on the government's ability to carry on its projects for improvements and extensions the steel trade sees the possibility that the price war of demand for steel will be dried up. It was intimated today that this would be one of the principal questions raised at the coming meeting.

GOVERNMENT TO
HOLD RAILWAYS.

(Continued from First Page.)
The money derived from rates goes into operating revenues which primarily are not affected by the present situation.

"In connection with necessary financing which will have to be done by the railroad corporations, it is the rule that no good corporate financing can be undertaken except upon certificates of the Railroad Administration, and therefore the Railroad Administration in a sense acts as a clearinghouse for such financing, thus minimizing the danger of financial confusion."

Before the Senate Appropriations Committee, Secretary Glass said last week that failure of the measure appropriating \$750,000,000 for the railroad would be disastrous demoralizing.

"It will create the situation in railroad circles," he said, "that will amount to practical suspension of activities, interfere with the purchasing activities of the administration. It will very greatly impair the credit of the railroad. The only alternative that I see will be to have the railroads go out into the open market and make loans aggregating nearly \$1,000,000,000 from the banks. That condition would be tantamount to a virtual bankruptcy of the railroads, and I think in a disastrous way."

HUN PLOTS REVEALED
IN GERMAN BOHEMIA.ATTEMPTS TO PROVOKE DISOR-
DER FOILED BY ARREST OF
TETTON AGENT.

(BY ATLANTIC CABLE AND A. P.)
BERNE, March 8.—(French Wireless Service.)—The Czech-Slovak government has investigated the activities of German Vice-Consul Schwartz, who was arrested several days ago, has learned that Schwartz was the active worker in Bohemia in a plan to provoke disorder in German Bohemia and Moravia.

German plan, according to advice received from Prague, was to throw troops across the frontier into Bohemia as an incentive to disorders planned for Prague, Brunn, Budweis and Presburg had gained a good start.

German and Austrian spies, it is added, have been discovered in a great many towns in Bohemia. The Czech government has announced that it soon will make public the names of these spies, including those of the German Vice-Consul in Bohemia and Moravia.

WAR BOARD REMOVES
EXPORT BAN ON PORK.

FOOD ADMINISTRATION SAYS
ACTION PROBABLY WILL
RAISE PRICES.

(BY A. P. NIGHT WIRE.)
WASHINGTON, March 8.—Removal of pork and pork products from the export conservation list was announced tonight by the War Trade Board, effective tomorrow. At the same time the board rescinded the regulations by which all applications for licenses to export these commodities to Europe were required to bear a certificate from the Food Administration showing that the administration had approved the sale price.

The Food Administration, in an announcement, simultaneously said this action would destroy its ability to further stabilize the price of live hogs, and that it probably would result in the price of hogs and pork increasing beyond the stabilizing prices, which the administration had desired to continue to March 31.

The War Trade Board's announcement also said it had been advised that the allied provisions export commission had been dissolved, and that purchases of foodstuffs from Italy would no longer be made by the allied provisions export commission. This commission was organized early in the war, and all foodstuffs for the allies bought in America were purchased through it.

University's Honor Students Named.

(BY A. P. DAY WIRE.)
BERKELEY, March 8.—The names of forty-one students in the University of California who have been elected to membership in the Phi Beta Kappa, the national scholarship society, were announced last night. The list includes: Isabel Anderson, Santa Ana; Milton Bonner, Azusa; Dwight Bardwell, Lake City; Emily Carrier, Santa Barbara; Virginia Holmes, Hollywood; William Hoskins, Woodland; Jess Huddleston, Los Angeles; Lella Leitner, Atlanta; Helen Moreland, Sacramento; Cora Fowler, Berkeley; Richard Scofield and Frances Shutt, both of Los Angeles.

Near End of Arctic Journey.

(BY A. P. DAY WIRE.)
DAWSON (Y. T.) March 8.—The Royal Northwest Mounted Police expedition which left here January 15 for Fort McPherson, at the mouth of the Mackenzie River, yesterday had reached Twelve Mile, thirty miles from Dawson, the nearest telephone communication point, on their return journey. They completed the round trip of 1800 miles in the record time of fifty-nine days, the route including the crossing of the Rocky Mountains.

RUMANIA'S QUEEN IN PARIS.

(BY ATLANTIC CABLE AND A. P.)
PARIS, March 8.—(Glasgow.) Queen Marie of Rumania, accompanied by her daughters, the Princesses Elizabeth, Marie and Theres, arrived in Paris this morning.

PHONE UNION
VOTE TO STRIKE.Walkout Authorized on
to Move Burlington.Electrical Workers on
Involved in Order.Increases Offered by
Refused by Employees.

(BY A. P. NIGHT WIRE.)
SAN FRANCISCO, March 8.—A strike of 9000 telephone men in California and Washington, Oregon and Idaho has been ordered by the International Brotherhood of Electrical Workers. The strike is in protest against a grant wage demands of the International Brotherhood of Electrical Workers. It was announced by T. C. Robbins, personal representative of L. C. Grassie, vice president of the organization.

Robbins today received a telegram from Charles P. Ford, secretary of the Brotherhood, that the strike would be called off. Robbins announced that the strike would be called off. Robbins announced that the strike would be called off.

UNIONS CAUTIONED.

The respective unions were cautioned in the telegram not to take no strike action on the account "or they would be disciplined."

The male workers demanded a raise of from \$4.75 to \$5.00 a week, and a 14-day vacation. The unions refused by Burlington, and the unions also refused by Burlington, and the unions also refused by Burlington.

Robbins said he understood the strike order would apply to portions of the United Brotherhood of Carpenters and Joiners of America, and the unions also refused by Burlington, and the unions also refused by Burlington.

Robbins said he understood the strike order would apply to portions of the United Brotherhood of Carpenters and Joiners of America, and the unions also refused by Burlington, and the unions also refused by Burlington.

RECENT INCREASE
ON THE COAST BY BURLINGTON.

The recent wage increase on the coast by Burlington, California, and Washington, D. C., has been referred to President Wilson in his department and through the Executive Committee of the Federal Reserve Board. Robbins said he understood the strike order would apply to portions of the United Brotherhood of Carpenters and Joiners of America, and the unions also refused by Burlington, and the unions also refused by Burlington.

Robbins said he understood the strike order would apply to portions of the United Brotherhood of Carpenters and Joiners of America, and the unions also refused by Burlington, and the unions also refused by Burlington.

VICTORY STAMP
READY FOR POST.

(BY A. P. DAY WIRE.)
WASHINGTON, March 8.—The Victory postage stamp, a 3-cent issue to commemorate the conclusion of the war, is on sale shortly throughout the country. The Postoffice Department today said the supply would be sufficiently large to replace the 3-cent stamp, and would sell Victory stamps.

CANT GET "RAINBOW"
BACK FOR LOAN DRIVE.

(BY A. P. NIGHT WIRE.)
WASHINGTON, March 8.—The Forty-second (Rainbow) Division cannot be brought home in time to participate in the Victory Liberty Loan campaign. Secretary Baker wrote Secretary Glass today that it would not be possible to rearrange the schedule on returning troops so as to have the Rainbow Division in the division several weeks before April 28.

Baker, replying to the request of the Secretary of the Treasury, recognized the popularity of the Rainbow Division "both because of the new government and the splendid achievements in France," but explained that "it would be a serious strain upon the transportation facilities of the government to bring the division to the ports in time for such sailing."

CUBAN STRIKE SPREADS.

(BY ATLANTIC CABLE AND A. P.)
HAVANA, March 8.—The general strike, which began last night, was spreading today into the interior of Cuba. Reports were received here that the sugar factories might be involved. Traffic in Havana was at a standstill. No disturbances have been reported.

PHINN ELECTION
MAY BIND GAPS.Results not to be Known for
Many Days.Former Party Holds Balance
of Power.Reds and Whites Separated
by Deep Gulf.

(BY ATLANTIC CABLE—EXCLUSIVE DISPATCH.)
HELSINKI, Finland, March 8.—The results of the election for the Finnish Parliament in passing during the last three days of March will not be known for many days because of the chaotic condition of all communications. The Whites, or Conservatives, claim to have driven the Russians out of Finland and to have continued power against the Bolsheviks, who are charged with a Bolshevik reign of terror last spring. The stories of both sides drip with blood.

There is a great split between the two, but in the center line the progressive party groups. They will control about one-third of the whole strength in the Parliament. The Whites, or Conservatives, claim to have driven the Russians out of Finland and to have continued power against the Bolsheviks, who are charged with a Bolshevik reign of terror last spring. The stories of both sides drip with blood.

UNIVERSAL SUFFRAGE.

There is universal suffrage here. The great groups—Conservatives, Progressives and Socialists—are expected to gain about one-third of the votes.

Why We Have Chosen the Pathe

Pathephone and Pathe Library of Records To Offer Our Customers The big outstanding reason was The Sapphire Ball

A ball-shaped, genuine jewel used in place of metal needles.

No Needles to Change

You do not have to worry about your supply of needles running short. The Pathe Sapphire ball is used by practically all makes of machines.

For 50c we can sell you an attachment to use on Victor and Columbia machines.

More important still, the Sapphire Ball means Permanent Life to the Record

Every Pathe Record is guaranteed to play at least one thousand times without impairment to the unexcelled beauty of tone and without showing any perceptible wear on the record.

Pathe Records

Open to you a world of music, not only great singers now in America, but celebrated foreign artists who have never been here. Famous foreign orchestras and bands and delightful musical novelties.

Latest Excitement in Local Baseball World.

MORLEY MADE BUSINESS HEAD.

Will Look After Finances of the Angels.

Pepe Sold and Pertica may Figure in Trade.

Star Catcher Causing Cub Manager Worry.

BY HARRY A. WILLIAMS.

Business manager of the Los Angeles club, the sale of Joe Pepe, Angel third baseman, to the Port Worth club, and the turning down of a two-for-one offer from the Boston Red Sox for "Solemn Bill" Pertica by President Powers are among the latest elements of baseball excitement in the local baseball world.

Pertica has a chance to go to the big show, and Powers hardly could stand in his way. He let it be known, however, that he preferred players to money for the young pitcher. Barrows hearing of this promptly offered him infielder Bill Thomas and Outfielder George Whitman. Powers scanned the telegram and turned it over to Red Killefer, who murmured, "Nothing doing." In addition to the telegram, Pertica, one of the chief reasons for letting him go is to strengthen the Angels, and Killefer figures that in order to realize this result it will be necessary for Barrows to raise his ante. What Red wants chiefly is a flock of right-handed hurlers in exchange for the kid.

The deal is still hanging fire, and when it is finally completed the Angels probably will get about what they want.

Pepe's passing to the Port Worth club is the result of an outright sale.

Bill Eslick of the Tigers was glad by the arrival yesterday of pitcher Cook Cook played a short engagement with the Vernon club when just breaking in, and gave considerable promise. Last season he was with St. Paul. Eslick expects "Whizzer" Dell, premier hurler for the Tigers last season, to report to him today. Last night a loud wheeze was heard in the vicinity of the Arcade. Whether this was the "Whizzer" himself or merely the steam escaping from a leaky locomotive cylinder is not known, but it gave rise to the report that he is already in town. The report was strengthened by the fact that he heard all last night on the sixth story on a Main-street hotel. Some, however, contend that this wasn't Mr. Dell himself, but a chronic case of asthma. Mr. Dell's friends say that he does not wheeze in his sleep.

Eslick says he expects to have about eighteen players in his spring training squad. Among the top-notchers will report at the Vernon park. At no time will the squad exceed twenty-five. No manager can look over a greater number than that and do them justice, and Eslick would be the last man in the world to crush the spirit of a tender young athlete by slighting him.

Morley, in addition to being the business manager of the Angels, also has purchased a large stock of stock in the club, according to an announcement made by President Powers. Powers, however, retains a controlling interest in the club by a wide margin.

Morley's appointment revives reminiscences of the early days of the game in this city. He produced a number of winning teams, and developed such players as Dolly Gray and Bill Burns. Among the top-notchers who were brought to the Coast were Win Mercer, Atherton, Dummy Kinn, Nick Altrock, Russ Hall, Charley Eddy, Donkey Roy, Frank McPartlin, Pat Dougherty, Henry Reitz and the late Rube Waddell. One of his discoveries, and one which he has safely reaped his reputation, was Hal Chase.

Powers will continue to control the policy of the team, but will turn much of the detail over to Morley, who will travel with the club.

Old-time fans especially, may be interested to know that the old Washington Park baseball classic of the right-field "blossoms" game got its name from a standard baseball phrase in France. The origin of this now international slogan dates back almost two decades to when Henry Spies, charter catcher for Jim Morley, was back-stopping on the local yard at Washington and Grand, which was then known as Chutes Park. "Heinie" made a specialty of straggling foul flies, which were both high and far. Never has the league seen a catcher who was more certain death to foul flies. After he passed from the diamond, every time a catcher failed to reach one of these somebody called "Let Heinie get it." Finally, it was remarked that he literally had been handed down from generation to generation, and is still to be heard. Not Heinie has a strapping son in France. He is Corp. Harold Spies of the Three Hundred Forty-eighth Machine Gun Battalion, which saw hard service both in the Argonne and in Flanders, and which made a record for itself as one of the crack units in Europe. Harold's presence with the division reminded some of the fellows of his heroic deed, and every time a baseball game was staged in the Ninety-first Division we heard that familiar old chirp, "Let Heinie get it." Finally, it was caught up by teams in other divisions.

PRACTICE TO BEGIN MONDAY.

Practice over the Santa Monica course will begin next Monday morning and will continue each morning between the hours of 8 and 11, until and including Thursday. The course will not be open for practice the day before the event. It is announced by Chairman A. M. Young of the Race Committee of the Motor Car Dealers' Association.

Somewhat of a surprise was sprung when yesterday afternoon Young received a signed entry blank from A. H. Patterson, entering Eddie Pullen in Patterson's Hudson supercar. Until this entry was received the dope all pointed to Mercer Special. It is known that Pullen is looking to win the victory of 1914 over the famous course.

W. W. Brown of Kansas City, the first of the eastern entrants to arrive, with his manager, is going over his twenty-four-valve Hudson at the new foundry of the Harry A. Miller Manufacturing Company, at Thirty-second and Maple avenue. His racing craft is light and low and looks decidedly speedy. Brown is a quiet chap and not given to much conversation. He is very much impressed with the course, but makes no comment on the speed of his machine, or on what he thinks his chances of finishing within the money may be.

Edna and was hung back and forth across the fair face of France. "Heinie" is most of the other major-league managers, is considerably up in the air concerning the personnel of the club with which he will start the season. His chief concern right now is whether Bill Killefer will be able to get out of the service in time to open a race with the Cubs. This is really causing him more concern than the fate of Alexander. Last season he won a pennant without Aleck, a triumph due in no small measure to the skilful handling of his hurlers. In short, it appears as though he could spare Alexander better than he could the Reindeer. If they should both report it would look like a "pipe" for the Cubs, barring unforeseen hard luck on one sort or another.

Mitchell seemed confident that Alexander would be back from France in time to report for spring training. He was unable to give any concrete reason for his confidence. He seemed less certain regarding Killefer.

The last I saw of Hank Gowdy he was with the Army of Occupation, and with a summer other than a flustered fighting man, was occupying a luxurious chateau overlooking the Rhine. Hank admitted that he was sure to get back in time to play into the game, but realized that somebody must wind up the watch on the Rhine.

"No use driving the Germans back if we let them break out in the same old spots," he said.

And Hank doesn't claim to be a statesman, either. It is because a lot of common people are as Hank does that they are pulling for a League of Nations.

MANY ENTRIES FOR JUNIORS' TOURNEY.

The younger generation of tennis players are certainly coming in for their share of tournament play. The latest event devoted entirely to the juniors is the tournament starting Saturday at the Y.M.C.A. courts. Singles and doubles are the events scheduled, and the entries are pouring in.

Frank Smith at Tufts-Lyon Arms Company is the one of the largest junior tournaments held here in many years.

Any boy under 20 years of age is eligible and should send in his entry immediately as the drawings will be made Thursday evening by Jack Thomas and Al Hunske of the Junior Bachelor Club. Following are the entries to date:

Singles—Jamieson, Tom; Ferrandini, Al; Hunske, Dick; Hinkley, Frank; Hamilton, Barton; Hinkley, Felix; Gilchrist, Harold; Godshall, John; Olinde, Max; Stanley, Paul; Pickert, Robert; Myers, Dunn; Ashcroft, Kent; Janner, Dave; Mannoch, Edgar; White, John; Hunske, Fred; Fredericks, Lester; Griffith, G. H.; Hogan, Arnold; Wolff, Ernest; Griffin, Ed; Ben, Tim.

Doubles—Ferrandini, and Godshall, Allen; Dunn, Jamieson, and Ashcroft, Hunske, and Chappell. Hinkley and Stanley, and Mannoch and Ephlin and Mannoch.

ROWDY ELLIOTT TO PLAY WITH OAKLAND.

(BY A. P. NIGHT WIRE.)

OAKLAND, March 5.—Harold ("Rowdy") Elliott, who a couple of seasons ago managed the Oakland club in the Pacific Coast League and later became a member of the Chicago Cubs in the National League, is to again be with the Oakland team. J. Cal Ewing, president of the Oakland club, has purchased the chubby catcher from the Cubs last night. Several other teams in the Coast League were after Elliott, so it is believed that Ewing had to pay a big figure for him. He was recently released from the navy, being stationed at Manila for a year or so. He will be the Oaks' first-string catcher.

ALL MATCHES WON BY GIRLS.

The girls' tennis team of the Alhambra High School, composed of Helen Huff, Margaret Bennett, Margaret Jones and Isabelle Simons, took every match in a tournament of the team of the Birch College League in Los Angeles. Next Saturday they are to meet a team from the Marlborough School. The place of the match has not yet been decided.

MANUAL ARTS LOSSES TO OXY.

The track team from Manual Arts High School suffered defeat on Patterson Field yesterday afternoon in a practice meet, when Occidental College annexed the long and of 47-48 score. The Athletics showed up well in most of the events, however, but were no match for the more experienced college speed men.

Capt. Smith and Lindstrom starred for the Athletics, while McGarry and Boyle were conspicuous winners for Manual. A strong wind, which blew directly in the faces of the runners, prevented any remarkable time from being made, but the events were all quite interesting, anyway.

The Manual boys seemed particularly weak in the distance events. In the 1000-yard race, Lindstrom showed up strongly in the field events. In the 1000-yard race, Lindstrom showed up strongly in the field events. In the 1000-yard race, Lindstrom showed up strongly in the field events.

DRAW FOR DAVIS CUP COMPLETED.

(BY PACIFIC CABLE AND A. P.)

SYDNEY (N. S. W.) March 5.—Officers of the Australian Tennis Association completed the draw for the Davis cup international tournament here today. The teams of Great Britain and Belgium will meet first, the winner in turn to play France for the right to challenge Australia, the present holder of the trophy, emblematic of the world's team championship. No dates were fixed in the draw, it being understood that the nations represented in the preliminary rounds will select dates suitable for the matches which will be played in Europe.

The challenge round for the Davis cup, if precedents are followed, probably will be played in Melbourne late in November or during the first week of December. At present the Davis cup is in this country, although held by Australia as a result of the victory of Brooke and Wilding over the American team at Forest Hills, L. I., in 1914. The declaration of war, which precluded the final matches, made it advisable to leave the trophy in the United States for the period of hostilities. The cup probably will be forwarded to Australia during the next few months.

NEW YORK, March 5.—Members of the National Tennis Association were seated in the drawing room of the blind drawings for the 1919 Davis Cup matches from Australia today. It was pointed out that by a strange coincidence, the result of the drawing is the same as that of 1914 when the International play resulted in the loss of the trophy by this country. In that series of matches, Australia defeated the United States 3-2, and the British were defeated 2-3. It was pointed out that the result of the drawing is the same as that of 1914 when the International play resulted in the loss of the trophy by this country. In that series of matches, Australia defeated the United States 3-2, and the British were defeated 2-3.

WOOD TO HEAD BOXING BOARD.

WILL PROBABLY BECOME NATIONAL ASSOCIATION OF COUNTRY.

(BY A. P. NIGHT WIRE.)

NEW YORK, March 5.—The Army, Navy and Civilian Board of Boxing Control, announcing today that it had accepted the resignation of the late Theodore Roosevelt, who had accepted the presidency of the board, made known its aims and purposes. The board, recently incorporated in New York state, was organized with the aim that eventually it would become the national boxing association of the United States, and would control the amateur and professional ranks of the sport. Gen. Wood fills the place that was to have been filled by the late Theodore Roosevelt.

In addition to the active leadership of Gen. Wood, the new organization will have as patrons and advisers many men prominent in army, navy and political life, including Admiral Henry T. Mayo, fourteen-time world champion, and five college presidents. The advisory council is made up of fifty-six persons, including Miles Peindexter, United States Senator from Washington.

The prospectus of the board states that it desires to develop boxing in the United States, and to develop the sport to a higher level. It seeks to have a law permitting boxing passed in every state, and to develop champions in boxing, among colleges, in various industries and among nations. Control of the amateur as well as the professional sport will be sought in order to make boxing safe from promoters.

PRACTICE SHOOT OF REVOLVER CLUB.

The Los Angeles Rifle and Revolver Club held a practice shoot, last Sunday, at their Glendale range. Several high scores were shot, and the contest was very interesting.

Miss Nevin Packard distinguished herself, never having shot a rifle before. She was accompanied by her father, Mr. Packard, who is a well-known sportsman.

Prize position, 200 yards, 8-inch bullet:

Miss Nevin Packard.....47 43 43
Dr. L. M. Packard.....48 45 45
John Siefert.....48 45 45
R. L. Bailey.....48 45 45
Off-hand, 200 yards, 8-inch bullet:

E. Adams.....45 40 40
E. D. Myrick.....45 42 42
F. C. Payne.....45 42 42
Mrs. L. Deseri.....43 41 41

Next Thursday evening the indoor rifle team will begin the match for the United States indoor championship. Over 6000 riflemen will take part in the contest, which lasts ten days.

Mr. W. E. Potter has been appointed referee for the local club.

OLD RIVALS TO CLASH AGAIN.

A basketball game between Occidental College and the University of Southern California teams will be played at the Los Angeles Athletic Club on Saturday, March 8. It will be the first game that has been played between the two teams since 1917. The line-up follows:

Occidental players: William Work, Bruce Kirkpatrick, Howard Sted, Hugh Williams, Victor Norton, L. Newwood, Ray Robinson, Robert Haddon, E. G. Eggleston, A. Lawler, L. McKeller.

U. S. C. players: Irwin Snavely, John Abraham, John M. May, Fred Grant, Kinsley, Morgan Cox, Fred Ave, Walter Tolleson, Theron Wynn, Ray Bell, Charles Alley, Myron Miller, Albert Butterfield.

FISHERY FILM TO BE SHOWN.

The Southern California Rod and Reel Club will give a Dutch lunch and some famous moving pictures of Mr. James W. Jumps' 314-pound swordfish, taken on light tackle, the only picture in the world of a swordfish taken on rod and reel. Also Mr. Sallabury will run reels showing trout from the team of the Birch College League. Members and their friends are cordially invited.

The film will be shown at Moore's Hall, 437 South Hill street, at 8 p.m. Tuesday evening.

TEEL WILLIAMS, TENNIS SHIFR.

In charge of March Field post championship tennis tournament.

WOOD TO HEAD BOXING BOARD.

WILL PROBABLY BECOME NATIONAL ASSOCIATION OF COUNTRY.

TENNIS MATCHES AT MARCH FIELD.

(SPECIAL CORRESPONDENCE.)

MARCH FIELD (Riverside) March 5.—Finals of the March Field post championship tennis tournament, exhibition matches between Tom Bundy, Frank Wins, Simpson Sinsbaugh, Mrs. Bundy, Florence Sinsbaugh and possibly Maurice McLaughlin, if that court star arrange to be absent from his naval duties at the time, together with a dancet ball afternoon and evening with Riverside and the hosts of the March Country Club is the attractive programme arranged for March Field, aviators for next Saturday afternoon.

The affair has assumed the proportions of a celebration on the part of Riverside in honor of March Field, having been determined upon as a permanent aviation camp by Uncle Sam.

Various airplane maneuvers over the club grounds are also scheduled as a part of the entertainment for the crowd of local and Los Angeles fans who are expected to be in attendance. The prizes in the post tournament will be presented by the Mayor of Riverside and the donations of Riverside merchants.

The playing off of the finals in the post tournament will also mark the opening of the spring athletic season for March Field. Cadet teams are to be absent from this season, is handling the event in the capacity of chairman of the tennis committee, under the direction of Mr. E. Wilson, post athletic director, who is arranging a schedule of spring sports to include baseball, tennis, basketball, track and swimming. Funds derived from the present event will be turned over to Lieut. Wilson for the purchase of much-needed athletic equipment at the field.

The post tennis journey, in progress this week, has brought out some unusual material. Teel Williams, who is also strong on baseball and basketball, is expected to show up as a contender for the cup.

SCHEDULE OF SOUTHERN LEAGUE.

(BY A. P. NIGHT WIRE.)

MEMPHIS (Tenn.) March 5.—The Southern Association season will open April 24 and end September 7, according to a tentative schedule completed last night by the league's Schedule Committee. A total of 140 games will be played.

FOOTBALL CAPTAIN DIES OF PNEUMONIA.

(BY A. P. NIGHT WIRE.)

BOSTON, March 5.—Lieut. David Henry, captain of the 1915 Harvard University football eleven, died of pneumonia in a hospital at St. Nazaire, France, February 14, according to notice from the War Department received tonight. Lieut. Henry was selected by many football experts as a member of the 1915 all-American eleven.

HAL CHASE SIGNS WITH THE GIANTS.

(BY A. P. NIGHT WIRE.)

NEW YORK, March 5.—The New York National League Baseball Club announced today that Hal Chase had signed a contract to play with the Giants at first base this season. His case against the Cincinnati club has been settled out of court.

MANUAL ARTS QUINTET LOSES.

The Harvard Military Academy basketball team defeated the first Manual Arts High School quintet yesterday afternoon by the score of 28 to 26. As the score indicates, the game was hard-fought throughout.

DEMOCRATS TO SHELVE CLARK

Plan Steering Committee Next Congress.

Will Eliminate Veteran Minority Leader.

Caucus Determines on Revolutionary Tactics.

(EXCLUSIVE DISPATCH.)

WASHINGTON, March 5.—With the closing of the sixty-sixth Congress a movement was started here to eliminate Charles Clark, the veteran leader of the minority in the new Congress. In place of the picture of a Democratic steering committee is to be substituted and the element of personal leadership is to be forever banished, if the leaders of the new movement to make the Democratic party safe for the minority succeed.

A statement issued last night by the managers of the new movement said:

"It is self-evident that it is necessary for the Democratic Representatives in the sixty-sixth Congress to organize a new movement to make the party front to the Republican majority, and believing that this organization is necessary for the preservation of the party, the Democratic Representatives, we have formed it to be the best interest of the party to organize and to present our views to our fellow Democratic members."

"First—A party divided in its leadership is doomed in advance to defeat.

"Second—Individual leadership is not always responsible to the majority sentiment.

"Third—The Democratic should in the future be called together by their leaders in frequent conference and consultation, and the views and opinions of all members of the caucus (its number and personnel to be determined by the caucus) should be constituted for our guidance in every session. The personal of the caucus should be so distributed that every section of the country will have representation thereon.

"The caucus should be so organized that its own chairman (who should have no other committee assignments) would thus become a minority leader, in all matters, as in all others, to be subject to the approval of the caucus."

"We are of the firm opinion that if some such policy as the one thus outlined be adopted by the Democratic party in caucus and conference, it will then be able to present a united front, and on all questions, and from this solid front and unity of counsel will develop a military and political strategy, capable of proposing and proposing legislation responsive to the needs of the country, and of effectively countering the measures of the opposition to measures that are in the confidence and support of the people and pave the way for Democratic success in the future."

BOYS and GIRLS WHO WANT TO MAKE MONEY

Should not overlook INFORMATION FROM THE WAR DEPARTMENT REFUSES SANCTION.

(BY A. P. NIGHT WIRE.)

CAMBRIDGE (Mass.) March 5.—Refusal of the War Department to sanction a football game between Harvard and West Point here on October 25 was announced tonight by Fred W. Moore, graduate manager of Harvard athletics. Terms had been agreed on by the two managements, but were not approved when West Point sent its papers to Washington.

ALCOTT WINS WITH IVORIES.

In the final match of the ball players' pool tournament, which was held at Frank Kensington's billiard parlors, Scott Alcott emerged the victor. He trimmed Chet Chadbourne, 60 to 40, and thereby walked off with first honors. Chadbourne was given the second prize; Chet Thomson was third. Tex Tursan was fourth and Hi West was fifth.

OLD SENATORS' HOME URGED BY SUFFRAGIST.

MR. ANNA HOWARD SHAW WOULD CONVINCE LAWMAKERS TO OBLIVION.

(EXCLUSIVE DISPATCH.)

CHICAGO, March 4.—"A house for old gentlemen should be established for old Senators, especially those who have blocked the O.K. on the League of Nations and the passage of the suffrage amendment," said Mrs. Anna Howard Shaw of Washington. She arrived in Chicago today to attend a two-day convention of the Women's Committee of the National Council of Democracy, Illinois division.

"The President is the most disapproved man in America because of that reactionary Senate," she said. "We have cut their own throats. The time demand women have an equally fair share with men in both politics and business matters. Those who fall behind at once, so far as the future is concerned."

Several hundred women are meeting in this city to discuss and hear the reconstruction period.

"Our work," said Dr. Shaw, "is to have simply the problems left over from former times. Of course, men have sacrificed for the cause, but the counts are all wrong. The trouble with the war is that it was not enough casualties on the side, especially among our Senators."

It is ridiculous for only men to sit at the peace table in France and

LOCAL REALTORS
HONOR GARLAND

Head of National Body Says
Big Hotel's Needed Here.

Also Urges Summary Treat-
ment for Mischief-Makers.

Mayor Discusses Harbor Work
and Other Subjects.

Public officials and business men of Los Angeles, and distinguished visitors from other cities, joined with the Los Angeles Realty Board, yesterday, in greeting William M. Garland, president of the National Association of Real Estate Boards, at a luncheon given by the board in the Broadway Department Store Cafe. In addition to Mr. Garland, there were present, as guests of honor, John W. Alvord, chief engineer of the bureau of housing of the Department of Labor; George E. Pommeroy, former president of the Toledo Real Estate Exchange; Lester E. Wiso and C. M. Harmon, former presidents of the Detroit Real Estate Board, who are winter visitors; Mayor Woodman, and Howard Robinson, president of the public Service Commission.

Mr. Alvord, who is in Los Angeles enjoying a rest from strenuous war-time labor, paid high tribute to the service rendered the government by the realty men of the country during the war, especially praising the appraisal work done for various Federal departments, in connection with the purchasing and leasing of private property, through the great association of realtors, of which Mr. Garland is the head. Under Mr. Garland's leadership, he declared, the various real estate boards of the country had enabled the government to save many hundreds of thousands of dollars that would otherwise have gone into the hands of speculators and profiteers.

Similar sentiments were expressed by Mr. Pommeroy, who told of the work of the Ohio board, with which he was associated, and outlined the plan under which the city of Toledo is relying upon its organized real estate men to insure fairness and justice in various appraisal and taxation matters. Dr. F. McDermott, president of the Los Angeles Realty Board, welcomed Mr. Garland back from his labors at Washington, on behalf of the local realtors.

NOW TIME TO DO.

Mr. Garland, after a few introductory remarks on the subject of the war work of the realty men of the country, plunged into a discussion of local conditions. The war being a thing of the past, he said, is devoted upon everybody in Los Angeles to look to the rebuilding of the peace-time prosperity of the city.

"Los Angeles," he declared, "needs a great hotel commensurate with the size and importance of the city." He urged the realty men to get together, even at the temporary sacrifice of personal interests, to help make such a hotel a reality of the immediate future. Such a project, he declared, would do as much to advance the general interests of the city at this time as any other that could be undertaken. Visitors from other parts of the country cannot understand, he declared, why Los Angeles, the most advertised city in the world and the city to which they all come in seeking the delightful climate and hospitality of Southern California, should itself be without a big hotel of the kind that may be found in neighboring communities.

The head of the nation's realty men urged all the local real estate men to adopt at once for all business purposes, the title of "realtor," the name coined for members of real estate organizations belonging to the National Association of Real Estate Boards. The name "realtor," he said, had been generally adopted in the East and had come to stand for business ethics and fair dealing in the real estate profession.

PAY BY PASSING HAT.

Fake Broker Gets Day in Jail and Is Fined a Dollar for Fraud.

Sebastian Constante, a poor Mexican, who pleaded guilty to using the mails in a scheme to defraud, was given one day in the County Jail, with a fine of \$1, by United States District Judge Hildes, yesterday.

Constante wrote a letter to Petrona Delgado, at Sonoma, claiming to be her long lost brother, and asking for some money for clothes. She was given one day in the County Jail, with a fine of \$1, by United States District Judge Hildes, yesterday.

The wife of the prisoner took up a collection among the bystanders in the courtroom for the payment of the fine.

CIGARS CAUSE ARREST.

Three Boxes of Them were in Negro's Sack at Late Night Hour.

A sack full of cigars and a screw driver were bad credentials for a man to carry around at 1 o'clock in the morning, as William Stein, a negro, discovered yesterday when he and Patrolman E. P. Thomas exchanged salutations near Ninth and Los Angeles streets.

"What have you in that sack?" the patrolman asked.

"Nuthin," came the reply. "Just a bag full of nuthin, that's all, boss."

"Nuthin" proved to be three boxes of expensive cigars.

At the detective bureau Stein showed an alarming lapse of memory, the officers say, and became so mixed in his dates and facts that the police decided to lock him up on the suspicion of burglary in order that the matter be cleared up.

JAHNKE'S TAVERN TO REOPEN SATURDAY.

After being closed for nearly a year, on account of Carl Jahnke's enlistment with the One Hundred and Forty-third Field Artillery, American Expeditionary Force, Jahnke's Tavern will reopen Saturday at 5 p.m., with a dinner-dance. No alcoholic beverages will be sold. A cabaret under the management of George Kahn will be staged for the opening week, featuring "Zigzag Folies."

RECUERATION

of the vital forces of the body, depleted in the struggle with acute disease, depends not upon superficial stimulation but upon adequate nourishment. The body needs to be nourished back to strength and power.

SCOTT'S EMULSION

a pure, wholesome tonic food, absolutely non-alcoholic, tones and strengthens the whole system—body, blood and nerves. Nourish your body back to strength with Scott's.

Scott & Bower, Bloomfield, N. J.

Dr. W. Franklin Jones.

SCHOOL OF EDUCATION
WILL HAVE NEW DEAN.

DR. W. FRANKLIN JONES WILL
COME TO TEACH AT LOCAL
UNIVERSITY.

Announcement was made yesterday by Dr. George Finley Howard, president of the University of Southern California, that the University has secured Dr. W. Franklin Jones, one of the best known educators of the country, to become dean of the school of education and professor of education at the university. Dr. Jones will come to Los Angeles from the University of South Dakota, where he has established the department of education, and will become the successor to Dr. Thomas B. Stowell, who has headed the school of education of the U.S.C. for the past ten years and who will retire from active duties on account of ill health. He will be given the title of dean emeritus and will be connected with the university in the office of advisor.

Dr. Jones is a graduate of the University of Illinois, where he received his A.B. The University of Columbia bestowed the master's degree upon him and the New York City University gave him the Ph.D. degree. As a lecturer he has spoken to audiences from coast to coast.

Dr. Jones, who is 45 years old, served in the rural schools of Stark county, Illinois, from 1887 to 1893; as principal of the public schools of Oskaloosa, Ill., 1893 to 1901; principal of the public schools of Mineral, Ill., 1901 to 1905; and as principal of the High School of Hennepin, Ill., from 1905 to 1907. In 1911 he became head of the department of education of the University of South Dakota. In 1915 Dr. Jones was elected president of the Western Association of College Teachers of Education and is widely known for his progressive work.

NOW TIME TO DO.

Mr. Garland, after a few introductory remarks on the subject of the war work of the realty men of the country, plunged into a discussion of local conditions. The war being a thing of the past, he said, is devoted upon everybody in Los Angeles to look to the rebuilding of the peace-time prosperity of the city.

TO LAUNCH FIREBOAT.

City Hopes Repair Cost on Recently-acquired Harbor Craft.

Los Angeles' \$50,000 fireboat will be launched at the harbor, today. After being put into service, a few weeks ago, the boat was laid up for under-water improvements, but it is now ready for active service.

When the council called for bids on the alterations and got no bid under \$54,000, it ordered the work done by the city and the cost was only \$11,000. The boat is capable of propelling through eight streams simultaneously, upwards of 2000 gallons of water per minute.

First Newspaper Delivery in the United States by Air Service!!

1ST LIEUT. HARRY P. ASHE

On Detached Service With Army Balloon School, Arcadia, Cal.

THE LOS ANGELES EXPRESS—FIRST IN THE AIR—FIRST IN EVERYTHING

The Los Angeles
EVENING EXPRESS

Will Be Delivered Today to San
Pedro Newsboys and Carriers by

Special Air Service

This is the first delivery by aeroplane undertaken by any newspaper in the United States, and the landing in San Pedro, at Eleventh and Meyler streets, will be witnessed by thousands at 12:30 noon today.

Every boy in San Pedro is especially invited to witness the arrival of Lieut. Harry P. Ashe on this notable and historic flight, as Lieut. Ashe is one of the foremost masters of the air on the Pacific Coast.

Everybody Should Read Today's
Los Angeles Evening Express

for the detailed account of this new method in the delivery of newspapers.

SMUGGLING CASE TO
GO TO JURY TODAY.

AGENT WAS TAKEN ILL, HE
SAYS, AND CAPTURE OF
EVIDENCE FOLLOWED.

The government closed its case against Albert Volk, charged with violation of the Harrison anti-narcotic law, before a jury in United States District Judge Hildes' court, yesterday. It is expected that the issues will be taken to the jury today and that all of the defendants will be placed on the stand in their own defense.

Before the government closed its case an ineffectual effort was made to introduce the judgment roll of the United States District Court, four years ago, showing that Volk had pleaded guilty to smuggling and been sentenced to a term in the County Jail.

Alfred Matot, a Wells-Fargo messenger running on the Southern Pacific between San Francisco and Los Angeles, was one of the leading witnesses for the government. Matot said that Volk gave him the key and the Wells-Fargo receipt for the suit case that was afterward captured by Federal agents, containing fifteen ounces of cocaine and seven ounces of morphine, and told him to have it shipped from some place on his route, after removing the drugs. Matot admitted that he had told the Wells-Fargo agent at Tracy to have the suit case forwarded from Provo City to Tracy.

The suit case was a part of the lot, it is alleged, sent from Benson, Ariz., to the Passers at Wilmington. At that time the suit was wrapped in a box.

It appeared from the testimony of Eugene Strup, who has already pleaded guilty to the charge of conspiracy, that Volk sent him to Newman, Cal., to get the shipment, but that it had not arrived there, having been sent on to Provo City. Strup was arrested at Newman, and immediately made a full confession to the Federal officers.

LYSOL TOILET SOAP

Contains Lysol, and therefore protects the skin from germ infection. It is refreshingly soothing and healing and helpful for improving the skin. Ask your dealer. If he hasn't it, ask him to order it for you.

LYSOL SHAVING CREAM

Contains Lysol, and kills germs on razor and shaving brush (where germs abound), guards the tiny cuts from infection, and gives the antiseptic shave. If your dealer hasn't it, ask him to order a supply for you.

Your Office
Sick-List

Much of the grippe, influenza, bronchitis, and other communicable diseases that sweep through your organization can be prevented if you accept the proposition that most of this sickness originates in your establishment. And it certainly does.

Your floor—every floor—not regularly disinfected—teems with millions of germs; dust scatters them—soap and water cannot be depended upon to kill them.

Lysol
Disinfectant

totally annihilates all germ life at the instant of contact. No germ can live an instant in its solution. That is why all hospitals use Lysol to prevent the spread of disease and why boards of health urgently recommend its use.

Mop your floors often with water that contains Lysol. Keep a little Lysol in every cuspidor always. Use Lysol as your toilet-room disinfectant.

Adopt these simple and inexpensive practices and you will go a long way in protecting the life and health of your employees.

Remember there is but one, true Lysol—the product made, bottled, signed and sealed by Lehn & Fink, Inc.

For large institutions we recommend Lysol F & F (Lysol unrefined)—it comes in 5-gallon cans.

Lysol Toilet Soap

Contains Lysol, and therefore protects the skin from germ infection. It is refreshingly soothing and healing and helpful for improving the skin. Ask your dealer. If he hasn't it, ask him to order it for you.

By Grace Kingsley.

Learning how to swim and the

use of a life-saving belt and also

how to row a boat, are among the

activities of Rae Samuels, Orpheum

star, who is preparing to take a trip

to London as early as May 1, for

the purpose of appearing as the star

in one of these famous Albert de

Courville revues to be produced in

the English metropolis.

Miss Samuels' husband, Marty

Forkins, who is now a booking

agent in New York with a roll-top

desk and everything, has just com-

pleted arrangements for his wife's

appearance in London, in accordance

with an original made some months

ago by De Courville to Miss Samuels.

Heretofore Miss Samuels and her

husband have been known as a

Mr. and Mrs. Schlessinger of Van-

derbilt, and the star declares she will

never take another trip without

him.

"Oh, my, yes, of course Marty

will go to London with me," said

Miss Samuels yesterday, "and more-

over, we expect to have a wonder-

ful time. We're already negotiating

for a houseboat on the Thames, in

which we'll spend part of the sum-

mer. I'm going to France, too, and

shall hope to do a little entertain-

ing in the camps and hostiles

there before I commence my Lon-

don engagement. Marty and I spent

today in talking over with a dis-

tance phone, in which I empha-

tically declared we must never be

parted again, and he likewise de-

clared the same thing.

Miss Samuels has so many friends

in town that she has been kept busy

with engagements. Yesterday she

felt she must have a rest and she

instructed her friend and accom-

pany, who was with her, and whom

she calls "Bertha," to tell

anybody who called that she was in

her bath. Bertha was in her

trust. A certain person called

up three times during the course of

the morning. The last time Bertha

told him that Miss Samuels was in

the bathtub, he retorted:

"You've said that three times.

Are you sure she isn't drowned?"

Here's one on Mae Marsh.

There's a good one going the

rounds about Mae Marsh and her

devoted husband and business man-

ager, Louis Lee Ames.

Naturally, all Miss Marsh's girl

friends were anxious to get a peek

at her imported husband. A couple

of young women called on her the

other day and at once, after the pe-

ditto greetings had been exchanged,

asked quite frankly about her hus-

band.

"Where are you hiding him,"

asked. "We just must see him!"

Just then a maid came called

down the stairs, all unaware the

young women had already entered

the house. "Say, Miss dear, two

damies just got out of a car in front

of the house. If they should ask

for me, just tell 'em I ain't home!"

Curtain.

Mary has Moving Day.

Not in the least superstitious is

Mary Pickford, who, having finished

"Daddy Long Legs" at 11 o'clock

Tuesday night, will move over

to her new quarters in the Brunton

studio on Friday. On Monday she

will commence work on "Burkes"

Army," by Julie A. Lipman.

In the interim Miss Pickford will

spend her "vacation" more or less

painfully divided between the pho-

tographers and the dentist.

The members of her cast are be-

ing chosen, and it is understood that

Kenneth Harlan will have the lead-

ing role. Sid Franklin will direct.

By the by, in order to set the

FLASHES.

WILL APPEAR AS STAR OF BIG LONDON REVUE.

By Grace Kingsley.

Learning how to swim and the

use of a life-saving belt and also

how to row a boat, are among the

activities of Rae Samuels, Orpheum

star, who is preparing to take a trip

to London as early as May 1, for

He hated order, he hated law,
For life to him was hell,
He hated law and shook his head,
He was a howling anarchist!
